

COMMUNITY GIVING PROGRAM

DONATING TO CHARITY HAS NEVER BEEN EASIER

FACT SHEET

Create a partnership with your securityholders to build a lasting relationship with your chosen charities

In today's business environment companies constantly seek a competitive edge in the market. Corporate Social Responsibility (CSR) is now seen as a critical part of attaining advantage.

An increasing number of companies demand a solution that will proactively engage their securityholders to support both CSR strategy and the wider community.

The Community Giving Program delivers a simple solution enabling securityholders to donate all or part of their net dividend entitlement to selected charities.

Computershare currently completes dividend payments for over 1,000 Australian companies each year, with a number successfully offering the Community Giving Program.

PARTNER WITH YOUR SECURITYHOLDERS

Enable your securityholders to donate and support the broader community. Encourage your securityholders to share their return on investment with charitable organisations, making them key stakeholders in your CSR programs

FLEXIBILITY TO SUPPORT YOUR CHOSEN CHARITIES

Choose any Australian registered charity or charities to offer your securityholders choice in their donation.

For securityholders it's a simple, straightforward way to support a worthy cause - no cheques, no credit cards and privacy is ensured.

Your company can elect to match donations reinforcing the partnership and demonstrating your commitment to a common cause.

A SIMPLE METHOD OF DONATING

Allow securityholders to donate all or part of their net dividend entitlement, making contribution to a worthy cause easy.

Dividend statements record all donation information for tax accounting purposes, removing any element of risk for securityholders. Systems and processes are setup to support securityholder enquiry and participation in the Community Giving Program
