Andy joined NatWest Registrars (subsequently RBS Registrars, then Computershare) in 1987.

As Operations Manager within Corporate Actions he was closely involved in the major UK privatisations and played a leading role in the implementation of CREST Corporate Action software on RBS systems.

Following the takeover of RBS Registrars by Computershare in 1998, Andy joined the Technology Services division and managed the IT Product Support and Business Consultancy teams. After nine years working in Technology, he rejoined the business team as manager of the Process Improvement Team, with the aim of developing efficiencies and delivering new high profile projects.

He has been a major influence in many key projects during his career including Euro conversion, dematerialisation and Euroclear Single Platform analysis, and has a broad knowledge across Computershare's extensive product range.

Andy joined the Global Capital Markets team in September 2008 and specialises in the following:

- > TARGET2-Securities (T2S)
- > EU harmonisation
- > Proxy initiatives
- > Tax issues.
